FISCAL IMPACT STATEMENT

LS 7374

BILL NUMBER: HB 1449

DATE PREPARED: Jan 8, 2001

BILL AMENDED:

SUBJECT: Firefighting Equipment and Grants.

FISCAL ANALYST: Chris Baker

PHONE NUMBER: 232-9851

FUNDS AFFECTED: **GENERAL**
 X DEDICATED
 FEDERAL

IMPACT: State & Local

Summary of Legislation: This bill eliminates the Firefighting and Emergency Equipment Revolving Loan Fund (Loan Fund) and creates the Firefighting and Emergency Equipment Grant Fund (Grant Fund) administered by the Office of the State Fire Marshal.

The bill requires a grant from the Grant Fund to be used for the purchase of firefighting and emergency equipment and other incidental expenses.

The bill also repeals the Fire Safety Equipment Revolving Loan Account (Loan Account) in the Build Indiana Fund.

It releases the obligation of a loan recipient under the loan fund and the loan account to pay the remaining balance due on the principal plus interest of a loan.

It also transfers funds remaining in the Loan Fund to the Grant Fund.

This bill transfers \$500,000 per month to the Grant Fund from the Lottery and Gaming Surplus Account in the Build Indiana Fund.

The bill also provides that a fire protection territory may establish a cumulative building and equipment fund.

Effective Date: July 1, 2001.

Explanation of State Expenditures: *Grant Fund:* This bill creates the Firefighting and Emergency Equipment Grant Fund (Grant Fund) administered by the Office of the State Fire Marshal. Administrative expenses are paid from the Grant Fund.

Grants from this fund are to be used for the purchase of firefighting and emergency equipment and other incidental expenses. Money in the Grant Fund also includes transfers of any funds remaining in the Loan Fund. As of December 29, 2000, the balance remaining in the Loan Fund was \$383,082. However, the balance will also be reduced to pay for the administrative expenses of administering the Loan Fund in FY 2001.

Background: Under the current statute, surplus Lottery revenue is first transferred to the Teachers' Retirement Fund (TRF) and the Pension Relief Fund (PRF). Once these transfers are made, surplus Lottery revenue is then distributed to the Lottery and Gaming Surplus Account (LGSA) within the Build Indiana Fund.

The LGSA also receives surplus gaming revenues (revenues from the Riverboat Wagering Tax, the Parimutuel Wagering Tax, and the Charity Gaming Excise Tax). A statutorily determined amount of revenue in the LGSA is transferred each year to the Motor Vehicle Excise Tax Replacement Account (MVETRA) within the state General Fund. (Beginning with FY 2002 and continuing each year thereafter this amount is equal to approximately \$236.2 M.) The remaining money in the LGSA is then transferred to the State and Local Capital Projects Account (SLCPA). The table below outlines the actual and estimated Lottery and gaming revenue for FY 2000 to FY 2003, along with the required statutory distributions.

Surplus Lottery and Gaming Revenue & Distributions (Millions)

Revenues & Distributions	FY 2000 (Actual)	FY 2001 (Projected)	FY 2002 (Projected)	FY 2003 (Projected)
Surplus Lottery Revenue	\$173.3	\$167.0	\$167.0	\$167.0
TRF Transfer	(\$30.0)	(\$30.0)	(\$30.0)	(\$30.0)
PRF Transfer	(\$30.0)	(\$30.0)	(\$30.0)	(\$30.0)
Surplus Lottery Revenue to the LGSA	\$113.3	\$107.0	\$107.0	\$107.0
Surplus Gaming Revenue to the LGSA	\$252.5	\$256.6	\$256.6	\$256.6
Interest	\$18.1	\$14.0	\$14.0	\$14.0
Total Revenue to LGSA	383.9	377.6	377.6	377.6
MVETRA Transfer	(\$219.8)	(\$234.7)	(\$236.2)	(\$236.2)
SLCPA Transfer	(\$164.1)	(\$142.9)	(\$141.4)	(\$141.4)

The balance of the BIF as of June 30, 2000, was \$342.1 M. This bill transfers \$6 M annually, in monthly disbursements of \$500,000, to the Grant Fund from the LGSA.

Explanation of State Revenues: *Loan Fund:* This bill eliminates the Firefighting and Emergency Equipment Revolving Loan Fund (Loan Fund) and releases the obligations of a loan recipient under this fund. **As of December 30, 2000, the total amount either disbursed, approved but not disbursed, or pending approval is \$1,946,650.** This bill eliminates the repayment of those loans to the Loan Fund. However, this bill provides that the amount of the remaining balance due on the principal plus interest of a loan from the Loan Fund shall be deducted from the total grant amount allowed (from the Grant Fund) to the qualified entity.

Loan Account: This bill also forgives and releases the obligation of those communities and fire safety service providers listed in P.L. 340-1995, Section 37, to repay loans issued under the Fire Safety Equipment Revolving Loan Account within the Build Indiana Fund. This would eliminate the repayment of those loans to the Loan Account. This bill provides that the amount of the remaining balance due on the principal plus interest of a loan from the Loan Account shall be deducted from the total grant amount allowed (from the Grant Fund) to the qualified entity.

P.L. 340-1995 appropriated \$3 M to the account. Almost all of the \$3 M has been loaned, of which only 50% is to be repaid to the account. **As of December 31, 1999, those communities listed in P.L. 340 - 1995 had an outstanding loan balance of \$799,755.** No interest is owed on these loans. This amount may change before July 1, 2000, if additional loans or repayments are made. The Loan Account is administered by the State Budget Agency.

Explanation of Local Expenditures: *Loan Fund:* This bill releases the obligation of a loan recipient from the Firefighting and Emergency Equipment Revolving Loan Fund. The volunteer fire departments that have a loan from the Loan Fund do not have to pay back the loans. The loans were made for the purpose of purchasing new or used firefighting and other emergency equipment or apparatus and legal and other incidental expenses that are directly related to acquiring the equipment or apparatus.

Loan Account: Those communities and fire safety service providers listed in P.L. 340-1995, Section 37, would not have to repay loans issued under the Fire Safety Equipment Revolving Loan Account. The loans were made for the purchase and lease of fire safety equipment, especially fire engines and necessary or useful equipment related to fire engines and fire safety.

Explanation of Local Revenues: *Cumulative Fund:* Fire protection territories are comprised of at least two contiguous taxing units where one unit provides fire protection to the other unit(s). All participating units charge the same property tax rate for fire protection.

Under current law, a county, municipality, township, or fire protection district may impose a Cumulative Building and Equipment Fund tax rate not to exceed \$0.10. The fund may be used to purchase or lease fire fighting and EMS equipment and to purchase, construct, or renovate buildings used for fire or EMS purposes.

Because of a change in the definition of assessed value that will take effect with the 2001 payable 2002 tax year, the current Cumulative Building and Equipment Fund tax rate limit will be equal to \$0.0333 per \$100 AV. These scheduled changes do not affect final tax bills in any way. For clarity, assessed values and tax rates in this estimate will be expressed in CY 2000 terms.

This bill would allow fire protection territories to also levy the cumulative fund rate if the legislative bodies of all of the participating units approve the establishment of the fund. There are currently only three fire protection territories with assessed valuations totaling \$298 M. If all three territories were to adopt the full \$0.10 tax rate, revenues would amount to about \$298,000 per year.

If a territory were to use the option for the cumulative fund, then the territory would not be able to use the Equipment Replacement Fund. The maximum rate for the ERF is also \$0.10. Therefore, there should be no adjustment to the levy as a result of this provision. The actual fiscal impact would be dependent on local action.
